Gentlemen:

Enclosed are four copies of the draft document entitled, "Surface Water Interim Measures/Interim Remedial Action Plan/Environmental Assessment and Decision Document, 903 Pad, Mound, and East Trenches Areas, Operable Unit No. 2; U.S. Department of Energy, Rocky Flats Plant, Golden, Colorado" (IRAP/EA), dated June 12, 1990. This draft document is in response to your February 14 and 15, 1990 request for an interim measures/interim remedial action plan. Although the schedule submitted May 11, 1990, listed a July 2, 1990, submittal date for this document, it has been agreed with your staff that submittal would be accelerated to June 14, 1990.

In a meeting held June 7, 1990 with your staff, we agreed to submit a revised schedule with the IRAP/EA. However, we are still trying to resolve DOE Headquarters NEPA requirements. We anticipate that we will be able to finalize the schedule by the end of June at which time we will submit it to you.

Should you have any questions please feel free to contact me or have your staff contact Scott Grace of my staff at 966-7199.

Sincerely,

David Simonson, Acting Assistant Manager
Environmental Management
